Kristine,

This is what I planned to add in the way of emails (and attachments to the emails) related to the OCS DMRs for the FOIA.

Let me know if these are appropriate and enough.

Thanks

Eugene,

In the Water Division directory, in the Offshore FOIA folder, there is a folder for BETA Offshore with their DMRs for Oct. through Dec. 2014. I will bring you the BETA Offshore document this morning. This includes the cover letter and chemical inventory.

Please also note that Platform Harmony and Platform Harvest was also due 1/28/2015, for the same reporting period, Oct. through Dec.; however, I have not received their DMRs yet. I will inform you if I receive those too.

I would include the latest DMR in the response. The request covers March, 2014 to present, which arguably could be interpreted to cover the time period until we send out a response. It does not say March, 2014 until December 23, 2014. Besides, we gave the requester an extension.

Hello Mr. Bromley,

Please find attached and below a FOIA request submitted on behalf of EDC for discharge and other reports under National Pollutant Discharge Elimination System General Permit No. CAG280000. I was not able to attach this document to the online form, so I am submitting it to you as well.

Thank you, and please let me know if you have any questions,
Maggie
